

Dear Terrell Anderson,

It is with great appreciation to you and Anderson Heating and Cooling that HUM would like to thank you for your skills, talents, service, and HVAC donation to the Eagle House on 2003 4<sup>th</sup> Ave. We cannot thank you enough for the huge impact you have made on this house and this community.

This home will bring great joy, love, & laughter to the community & friends of the neighborhood. Additionally, we pray that it will provide educational benefits, build relationships amongst peers and breaks down barriers that have been in place for decades. We pray that HUM is part of the solution of building bridges not walls in this neighborhood.

Hands Up Ministries has never experienced such generosity, kindness and professionalism as long as this nonprofit has been around. We cannot begin to tell how impactful this gift has been to our founders, board, donors and us as interns. We now have a place to meet w/ others in a safe & beautiful environment, & the craftsmanship is exceptional & we are very proud to be here.

With our deepest gratitude,

Cat Williams, Intern
